# Nick's Eagle Project

For my eagle project, I designed and built 2 benches, 2 tables and 6 stools for Refugee Women's Alliance (ReWA) Early Learning Center. Previously ReWa Early Learning was using nothing but a small, wobbly table for their waiting area in the office, and as such parents and students had either no place to view and sign documents or simply wait for sessions to end.

The Refugee Women's Alliance is a nationally recognized nonprofit that provides services to help refugee and immigrant women and families thrive. Their Early Learning Center provides childcare that breaks down language, cultural, and religious barriers.

This project was the work of multiple months spanning a year in which I had planned, designed, purchased and cut the wood for the project. In planning and design, I had the help of multiple people including my father, Randy Gerth, and my Eagle Project Advisor, Mr. Rae. With the help of these two, I was able to successfully execute my project quickly. Scouts from Troop 570 built and finished the furniture.

I would like to thank everyone who had helped throughout my project, as well as ReWa for providing easier help for immigrants who have just moved to our country.
